## International cooperation

On 27 September 2008 in Warsaw four European Institutions (from Universities in Prague, Milano, Cracow, Warsaw) signed a co-operation Letter of Intent concerning a plan for Indological academic and research co-operation in the fields of common interest (see [updated cooperation report, September 2017](#) ). In a more informal way, this cooperation had already started in 1998.

On 16 May 2015, during the Indological Conference “ [Patterns of Bravery. The Figure of the Hero in Indian Literature, Arts and Thought](#) ” hosted in Cagliari, all the representatives of these four Institutions agreed that the Philology, Literature and Linguistics Department of the University of Cagliari should become a new member of the group.
